

The Black Enterprise Financial Fitness Contest

Thank you for choosing to enter **BLACK ENTERPRISE's** Financial Fitness Contest. Your interest in this contest shows that you are well on your way to achieving financial empowerment for yourself and your family. Before you enter this contest, please take a moment to think about your goals and what you'd like your portfolio to look like in the next few years.

- How important is saving and investing to you?
- What have you recently done to pump up your overall portfolio?
- How could a financial adviser help your situation?
- What seems to be slowing you down financially?
- Are you keeping an accurate account of your expenses?
- Have you started to pay back your college loans yet?

These problems and many more face millions of African Americans daily. The goal of becoming financially fit is the main reason we introduced you to the basic principles and concepts behind the Wealth Building Kit, the Wealth for Life Principles, and now the 2009 Financial Fitness Contest.
